BULLION SHIPMENT.

Wells, Fargo & Co.'s Express Company. For the week commencing Sept. 16. 9,618 42

Tas Hens & Hunt. Through the courtesy of David Hunt, Superintendent, the Hens & Hunt were enabled last Saturday to make a thorough examination of the Huhn & Hunt mine. We were well pleased with its appearance and the large quantity of ore on hand. The tunnel is now in 300 feet, and in that distance four ledges have been struck—the first of which is the one that was in dispute with the Desdemona (which suit has been settled by the satisfaction of both parties). On this ledge drifts have been run to the east and the west. The drift running east is only about 15 feet, and at the end of a perpendicular shaft has been sunk to a depth of 40 feet. In this shaft is a vein of ore 3 1/2 feet wide that will work from \$400 to \$500 per ton, and which will be stope out when milling facilities have been secured. Of this body of ore there seems to be no end, and it is our opinion that it alone will justify the erection of a mill. Further on in the tunnel we strike the second ledge, which was supposed to be the Chapman No. 2, and to quiet title the Huhn & Hunt purchased it. On one side of the tunnel this ledge is 1/2 of a foot wide, and on the other it is 1 1/2 feet. The rock looks extremely rich. The third ledge is about 2 feet wide, and some very good ore has been extracted from it. The fourth ledge is about 10 feet from the face of the tunnel, and was but recently struck. A prospecting drift has been to the east several feet. The ledge is about 4 feet wide, and has every appearance of containing first-class ore. Taking the four ledges combined, we can conscientiously say that no mine in the camp presents a more favorable appearance nor a better chance for investment than the Huhn & Hunt. Work is being prosecuted vigorously, day and night, and we are glad to say with good success. A perpendicular shaft has been commenced on the hillside about 90 feet from the mouth of the tunnel, over which hoisting works will be erected. When this shaft has reached a depth of 200 feet, the ore and dirt will have to be raised only 100 feet, as the shaft will intersect the tunnel at that depth, and the ore can be run out through it in cars. The development of this mine has been a success throughout, and shows that the Trustees have the right man in the right place.

ASHIM BROS. MOVERS OPERANDI FOR THE PEOPLE. THE LATEST AND THE BEST. THE BEST QUALITY OF GOODS IN THE MARKET AT ASHIM BROS. THE LOWEST PRICES. THE NEWEST FASHIONABLE AND SUBSTANTIAL CLOTHING, HATS, BOOTS AND SHOES. FANCY AND STABLE GROCERIES FOR FAMILY USE. MINING EQUIPMENT A SPECIALTY. HARDWARE AND FURNACE FOR EVERYBODY. GOODS DELIVERED FREE OF CHARGE TO ANY PART OF THE CITY. FOR ANYTHING FROM A SHEET OF THREAD TO A QUARTZ MILL, GO TO THE POCHE CHEAP HOUSE OF ASHIM BROS.

MEXICAN ANNIVERSARY.—The anniversary of Mexican independence occurs on the 16th of September. In 1810 it was arranged by the patriots of that country that they would strike for their liberties on the 16th of September, but the loyalists, getting information of the movement, prepared to frustrate it; so the loyalists made their strike on the night of the 15th. The war for independence lasted until 1821, when, on the 27th of September of that year, Spain formally acknowledged the independence of the Mexican Republic. Consequently the celebration of Mexican independence begins on the evening of the 15th and in our neighboring Republic festivities are observed from 15th to the 27th; the 16th and 27th are, however, observed with the greatest spirit. The Mexican flag was unfurled to the breeze yesterday morning from a private residence overlooking a greater portion of the town. Guns were fired at intervals, and the Mexican population of Pioche were duly mindful of their native land, of its struggle for independence, and final establishment of republican institutions. Viva Mexico!

BISHOP BROS. have just received a large and fine assortment of Perfumery, Toilet and Fancy Articles, such as Perfine, Pinand and Wright's Colognes, Lubin's and Phalon's Extracts, Florida Water, Pomades, Hair Oil, Cold Cream, Creme de la, Liquid Bloom of Youth, Bazar's Tooth Paste, Steinberger's Glycerine, Honey and Elder Flower Soap, Lubin's Soaps, etc., etc., etc., which, together with a full stock of Chemicals and Medicines, they are selling at the lowest market prices.

TO BE RE-BUILT.—We learn from a reliable source that the Bowers Mill and Mining Company will immediately erect a new mill on the site of their old one, recently destroyed by fire. The new mill will be in every way superior to the old one. Though the fire temporarily suspended the working of one of the company's mills, it is in a far better condition when a new and substantial mill is erected.

WILSON & SOLOMONS, in Fulk & McAlpin's saloon are in constant receipt of full supplies of news matter of all kinds from the East and West, and stationery of every variety they keep always on hand. They also make a specialty of cigars and tobacco and their brands of these articles are not surpassed by any firm in town. For the accommodation of the reading public they also keep a fine circulating library.

FROM THE COAL MINES.—We learn by a private letter from one of the party who left here ten or twelve ago for the coal mines, addressed to a gentleman in this city, that the party were four days in making the trip. They were delayed by the illness of Mr. Mason and the necessity of obtaining a wagon for him as

far as Pinto. We are happy to state, however, that at the date of the letter Mr. Mason had entirely recovered. The party went around by Desert Springs, Mountain Meadows, Pinto, Ritchie's and Harmony. Specimens of the coal are now on the way to this city, and are to be left at Frank Wheeler's for the inspection of the public. It may be interesting to those having "coal on the brain" to show the weight of different coals. From a reliable work on the subject the writer of the letter referred to learns that—

1 cubic ft. bituminous coal weighs 50 lbs.
anthracite 54 lbs.
1 " coke 31 lbs.
1 " charcoal 24 lbs.
72 equal one ton coke;
44 bituminous;
40 anthracite.

IN ALL CASES, of whatever nature, Dr. D. H. Whippley guarantees a sure cure. In cases of venereal diseases, piles of long standing, chronic diseases, etc., a cure is effected without the use of mercury. He cures piles in a short space of time. Consultation strictly confidential. Office at Mrs. Pyle's Lodging House—Room No. 5.

TO MERCHANTS.—Since the town of Pioche was first started our merchants have been purchasing goods at various places, and generally paying high prices for them. We wish to call their attention to the stocks generally kept in Salt Lake City, which are extensive and of all kinds and qualities. Having had a lengthy conversation with Mr. R. A. Kyes, agent for Walker Bros. of that place, we are well satisfied that that firm can do about as well for purchasers as any one East or West, and we would advise parties purchasing groceries, dry goods, liquors, cigars, etc., to give them a trial.

DAILY STAGE.—It is an absolute necessity that a daily stage should run between this place and Hamilton, and we would be pleased to see Gilmer & Salisbury start one immediately. The rapid growth of Pioche and the interests of her business men require it. There is no doubt that there will be an immense travel here this fall and winter, and a daily stage line will pay, and therefore we must have it.

W. MAXXSON has opened his jewelry store and watchmaking establishment in the front part of Jesse Beene's drug store. Mr. Maxxson recently arrived from Hamilton, where he has been established in business the past three years, and where he gave universal satisfaction. He has a large stock of jewelry on hand. Pays strict attention to repairing watches.

ATTEND TO YOUR TEETH; don't wait until they ache and then in language of regret say you would give most anything to save them. Go out to Dr. Nichols, Main street, and avoid sleepless nights. Save your stock of patience and what nature intended, your teeth.

REPUBLICAN COUNTY CONVENTION.—The Republican County Central Committee issues in today's Record a call for the Republican primaries on the 5th of October for the election of delegates to the County Convention, to be held at Pioche on Saturday, 12th prox. We invite attention to the official call in another column.

A CIRCULATING LIBRARY affords a cheap means of obtaining good reading matter, and at a trifling expense. C. Weidnerhold furnishes novels and standard works for 25 cents. He also keeps on hand stationery, cigars, tobacco and smokers' materials. His establishment is on Main street, opposite Meadow Valley.

MAIL DELAYED.—The mail which left Pioche for Salt Lake City on the 11th inst. returned on the 14th in the same sack in which it left, and was sent out again on the 15th. By carelessness somewhere a delay of seven days in transmission has occurred.

COINCIDENCE.—Two of the greatest fires ever occurring in Pioche were on the 16th of September and 5th of May—Mexican anniversaries—the former being the anniversary of Mexican independence and the latter of the repulse of the French at Puebla by the Mexican troops.

TRAVERS BROS. are up with the times in the lively business. In addition to their establishment in this place, they have an exchange stable at Bullionville. Patrons will be properly served at either establishment.

FROM THE FIRE WARDEN, Mike Holland we learn that the stove pipes of all the restaurants are in good order and that every thing has been done to render them secure and safe, so that at present we stand in no danger of fire from that source.

CIRCULATING LIBRARY.—Folk & Levin on Main street have just received the latest and finest publications at their extensive circulating library, and they offer it to the public at 25 cents per volume. Call and see them.

S. B. FERGUSON, Esq., of Silver Park, is sojourning in the city for a few days. For several months past Sam has been in bad health, but we are glad to say that he is now convalescing rapidly and will soon be himself again.

P. O'TOOLE has removed his boot and shoe shop to Main street, next door to our office. He is regarded as a good workman, and is determined to give satisfaction to his customers.

MINT EXCHANGE.—This is a fine saloon, and is well stocked with all the good wholesome beverages. The Mint is fast becoming a popular resort.

A pleasant hour may be passed at Clancy's Saloon, where all the papers are kept on file for the use of patrons. Sell

Five of six large freight teams arrived from Toano a day or two ago with merchandise for J. W. Conner. Call and see his large and excellent assortment.

The United States Hotel at Bullionville is for rent. Apply to Judge Thos. Wallace, on the premises.

Go to Wilman's to get a good steel for fifty cents.

SNEAK THIEF CAUGHT.—Early yesterday morning officers Holland and Hickey arrested a German named Chas. Garnett, alias Dutch Charley. This fellow has been making quite a round of the maisons de joie in Pioche. He visited the house of Carrie Richardson, and stole a lot of jewelry and a check (advertised in the Record of the 11th inst.), which were found on him; then the hurdy house, which suffered a similar fate; then a house kept by Carrie Barklin; then Martha Camp's, and last the house of Annie Jones on Lacour street.

From all of these places, except the last, he succeeded in purloining something of value. In the latter place he was captured by a man and detained until they returned; but making, as they thought, a reasonable excuse, he was allowed to go. In consequence of what he stole from the house of Carrie Barklin he was detected and arrested, and his trunk seized by the officers. In it was found a coat worth \$40, belonging to and which was identified by Mr. Niemann; also the check of Carrie Richardson for \$200, and a check drawn to the order of J. J. Paul, supposed to have been stolen from the United States Hotel at Bullionville, and advertised in the Record of the 5th inst. by A. Barber. These checks will be enough to send the thief to Denver's hotel for a short time.

P. S.—A former resident of Eureka informs that the individual above named resided in that place, where he was known as Chas. Gand. He was arrested there recently on two charges—one for petty and the other for grand larceny. To the charge of petty larceny he pleaded guilty, and was fined \$100, upon the payment of which the other charge was dismissed. When he first came to this place he was employed at Henry Frandenthal's bakery, but was dismissed as soon as Frandenthal became acquainted with his character.

SOMETHING FOR MINERS.—We would call the attention of miners for men and superintendents in this District to a new pocket pay table book, by means of which results can be arrived at instantly. The number of days having been ascertained the amount will be found directly opposite that number, already computed. Call at Wiederhold's and examine them.

ASSAULT ON A LADY.—W. S. Brady arrived from Bullionville yesterday, accompanied by Deputy Sheriff D. Turner as a guardian, who consigned him to the tender mercies of Jerry Lehigh, landlord at the county hotel. Brady committed an assault on a lady friend of his, and also threatened her life, for which offenses he was interviewed by Judge Wallace, who fined him \$50 and held him in the sum of \$500 to keep the peace toward the aforesaid female. His inability to pay the fine or furnish bail caused a temporary addition to our population.

POSTPONEMENT.—The raffle for a gold watch and chain that was to have come off at the Hamilton School last week has been postponed until Sunday evening, the 15th inst.

MR. PILLSBURY, agent for a California gas company, called on us yesterday. He intends visiting most of our citizens and prominent mining companies for the purpose of exchanging views on the propriety of introducing gas into this camp. The desire of capitalists and coal oil would save property from many dangers to which it is now exposed. Gas is the proper substitute, as it can be introduced with but little more than the cost of a coal oil and candle. We hope Mr. Pillsbury will succeed with his undertaking.

QUARTERLY PAYMENT.—Our efficient County Assessor has paid into the County Treasury \$30,589 52, on account of taxes on mines for the quarter ending June 30, 1912. This is an indication of how the Pioche mines are doing, and also shows that our county officers are alive to their business.

At the "Wilmans Horse," as good meals are served for 50 cts. as can be had in the city for 75.

DISRESPECT.—In the assault and battery case before Justice Knight, in which women of the town were complainant and defendants, a dismissal was obtained yesterday. The case was regarded as too frivolous to justify further prosecution, and somebody has to pay the bill of costs.

CUTTING & CO.'S California Canned Fruits, Jellies and Jams are far superior to all other brands. For sale by all first-class grocers.

CANDIDATE.—J. A. Curtis announces himself as a candidate for County Assessor, subject to the action of the Liberal Republican and Democratic County Convention.

Don't forget that at Wilman's the best meals can be had for 50 cts.

LIVELY WORK.—The Condon mill fired up on Sunday, and as a specimen of what it can do in twenty minutes.

No. 1 cooks and gentlemanly waiters at Wilman's.

PIOCHE AND BULLIONVILLE RAILROAD. We are informed that 100 tons of rolling stock and iron for this line was lately purchased in the East, sixty tons of which are now on the way to Pioche, the forwarding being done by Gordon & Murray. The line of railroad between Pioche and Bullionville will be 12 miles in length. It is likely that the Utah Southern line will eventually connect with it at the latter point, which would prove a great benefit to the people of Pioche, in providing for their mineral products a speedy and efficient means of transportation. (Deseret News, 11th.
